## PROJECTS

<b>Real-Time Weather Application</b> — <i>JavaScript, REST API, HTML5, CSS3</i>	2024
<ul style="list-style-type: none"><li>• Engineered responsive weather forecasting application serving 100+ daily users via OpenWeatherMap API integration</li><li>• Architected error handling and loading states, decreasing user bounce rate by 30% through UX optimization</li><li>• Launched on GitHub Pages achieving 99% uptime with mobile-responsive design across 5+ device types</li><li>• <b>Link:</b> <a href="https://khaja-7.github.io/weather-app/">https://khaja-7.github.io/weather-app/</a></li></ul>	
<b>Currency Converter Application</b> — <i>JavaScript, API Integration, Bootstrap</i>	2024
<ul style="list-style-type: none"><li>• Constructed real-time currency conversion tool supporting 50+ currencies via ExchangeRate API</li><li>• Delivered 95% calculation accuracy with input validation system for enhanced user experience</li><li>• Streamlined API calls through caching mechanism, reducing load time by 40% and requests by 60%</li><li>• <b>Link:</b> <a href="https://khaja-7.github.io/currency-converter/">https://khaja-7.github.io/currency-converter/</a></li></ul>	
<b>Interactive Hand Cricket Game</b> — <i>JavaScript, HTML5, CSS3, Game Logic</i>	2024
<ul style="list-style-type: none"><li>• Programmed browser-based cricket game featuring complex scoring algorithms and AI opponent logic</li><li>• Established dynamic score tracking system with game state management for seamless user experience</li><li>• Generated 85% user engagement rate through intuitive UI design and responsive control mechanisms</li><li>• <b>Link:</b> <a href="https://khaja-7.github.io/hand.cricket/">https://khaja-7.github.io/hand.cricket/</a></li></ul>	
<b>Portfolio Website</b> — <i>HTML5, CSS3, Responsive Design</i>	2023
<ul style="list-style-type: none"><li>• Crafted fully responsive portfolio website utilizing semantic HTML structure and modern CSS techniques</li><li>• Integrated CSS Grid and Flexbox ensuring cross-browser compatibility across 10+ browser environments</li><li>• Maximized SEO and accessibility compliance, securing 95+ Lighthouse performance score</li><li>• <b>Link:</b> <a href="https://khaja-7.github.io/Hdimages">https://khaja-7.github.io/Hdimages</a></li></ul>	

EXPERIENCE

<b>Java Full Stack Development Intern</b> — <i>EduSkills + AICTE</i>	2024
<ul style="list-style-type: none"><li>• Mastered 120+ hours of Core Java, JSP, Servlets, JDBC, and enterprise web technologies training</li><li>• Constructed student record management system with complete CRUD functionality managing 200+ records</li><li>• Executed MVC architecture with database connectivity, accelerating data retrieval speed by 25%</li><li>• Coordinated with 5-member development team utilizing Git version control and Agile sprint practices</li></ul>	

CERTIFICATIONS

<ul style="list-style-type: none"><li>• <b>Python Programming Fundamentals</b> – Skillrack (2024)</li><li>• <b>Responsive Web Design Certification</b> – FreeCodeCamp (300+ hours) (2023)</li><li>• <b>SQL Database Fundamentals</b> – Skillrack (2024)</li><li>• <b>Digital Transformation Journey</b> – NASSCOM (2024)</li></ul>
